**COAST GUARD ADVISORY NOTICE (CGAN 2011-084)**

To: Distribution

Date: Dec 12, 2011

From: Waterways Management Division

Revision No: 0

**Re: Temporary Cofferdam REMOVAL, NW of Pier 92, Hudson River**

1. Construction operations will occur in the Hudson River approximately 400 feet northwest of Pier 92. Trevcon Construction will have one 140' x 50' crane barge spudded down and one 90' x 30' material scow on site from approximately Dec 14, 2011 until further notice. Work hours are Mon-Sat, 0500-1800.
2. During this time a temporary cofferdam will be backfilled and then removed.
3. During non working hours, the unmanned construction platform will remain on site. **THE CRANE BARGE WILL NOT MOVE ON DEMAND.**
4. Each vessel transiting in the vicinity of the work area is requested to do so at reduced speed to maintain maneuverability while minimizing the effects of wake and surge.
5. Mariners are requested to contact the barge on Channel 13 to make any necessary passing arrangements.
6. One emergency tug will be on site when cruise ships are arriving to, or departing from, Pier 92 south and Pier 90 north, at the Manhattan Cruise Terminal.
